

**IN THE UNITED STATES PATENT AND TRADEMARK OFFICE**

Applicant: Willard Charles Raymond

Serial No.: 10/622,850

Filed: July 18, 2003

Date Due: January 21, 2006

Title: ADJUSTABLE WAFER ALIGNMENT ARM

Examiner: James W. Keenan

Group Art Unit: 3652

Docket No.: A126.116.102

**SUPPLEMENTAL AMENDMENT AND RESPONSE**

Mail Stop Amendment

Commissioner for Patents

P.O. Box 1450

Alexandria, VA 22313-1450

Dear Sir:

This Supplemental Amendment and Response is in supplement to, or replacement of, a first Amendment and Response concurrently filed on even date herewith. By way of reference, the first Amendment and Response included a Replacement Drawing Sheet, replacing Figure 1. After the first Amendment and Response was placed in the mail, the undersigned recognized that an incorrect version of Figure 1 was included that, while constituting a formal drawing, did not fully address the Objections to the Drawings raised by the Examiner. As such, this Supplemental Amendment and Response is presented present a correct replacement Figure 1. For sake of completeness, all amendments and arguments presented in the first Amendment and Response are repeated with this Supplemental Amendment and Response; the claim parenthetical designations have been repeated and it is respectfully submitted that such approach was necessary to eliminate possible confusion. With this in mind, please amend the above-identified patent application as follows:
